

V6 Camera-Ready Figure Typography Preview

MD2G ToN Figure Pipeline

***Abstract*—Typography audit only: MAIN_TEXT figures at planned inclusion widths under IEEEtran 10pt twocolumn.**

I. FIGURE A — OVERALL + SCALING

II. FIGURE B — ROBUSTNESS

III. FIGURE C — HOLDOUT + MECHANISM

IV. FIGURE D — ARCHITECTURE

V. FIGURE E — REPRESENTATIVE PHYSICAL LOAD

VI. OPTIONAL DISCUSSION — RB–U OPERATING POINTS

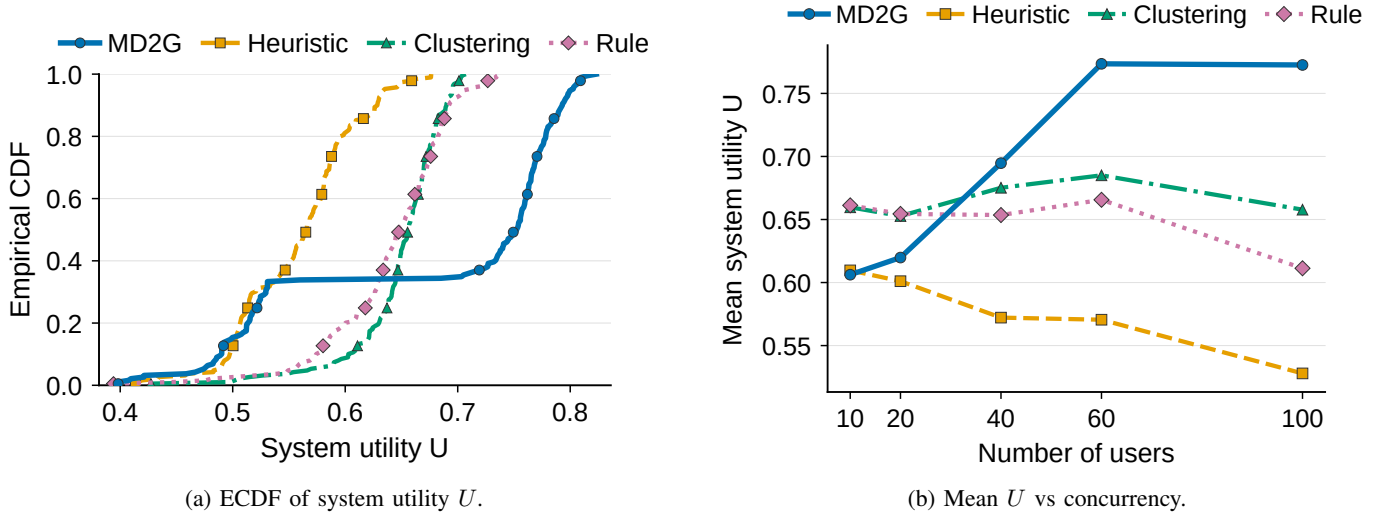

Fig. 1: Overall distribution and concurrency scaling.

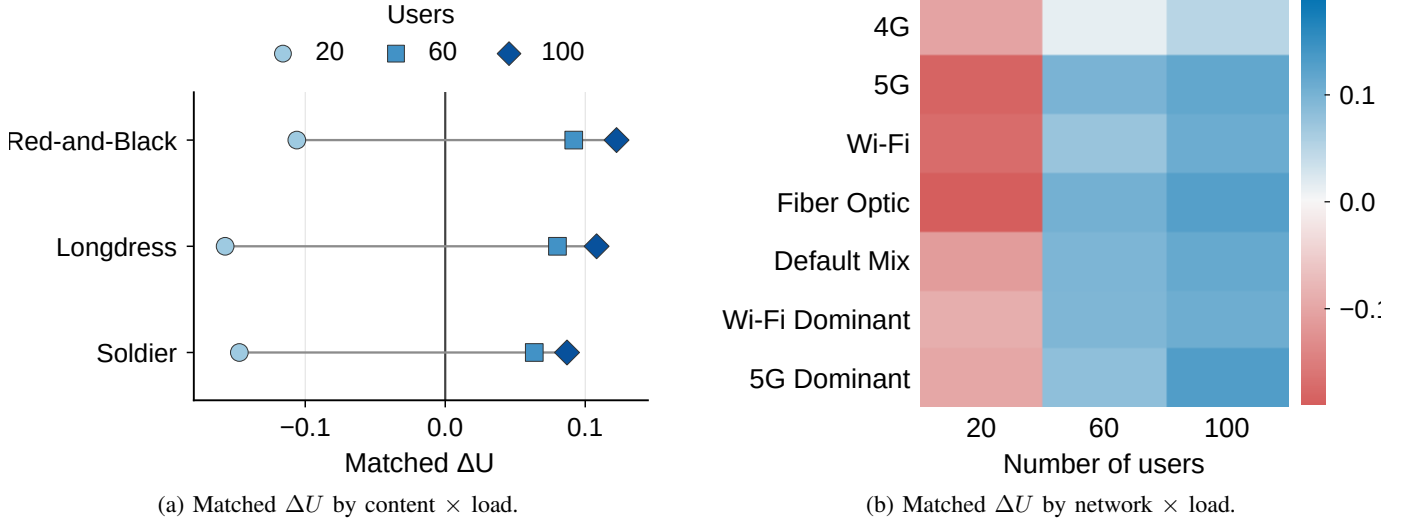

Fig. 2: Robustness across content and access profiles.

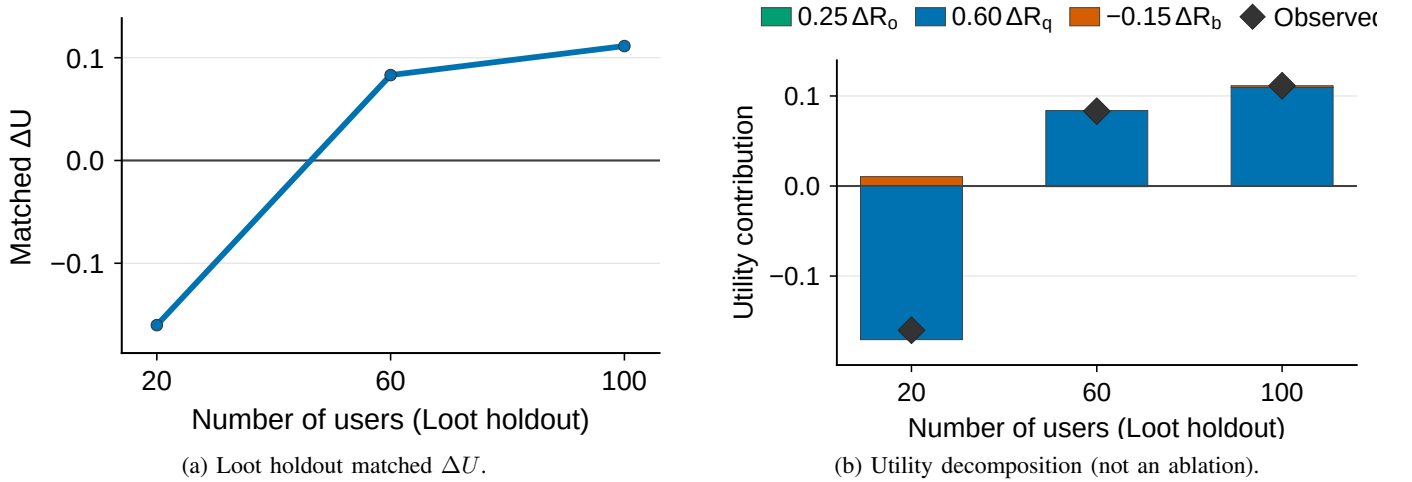

Fig. 3: Holdout transfer and measured utility components.

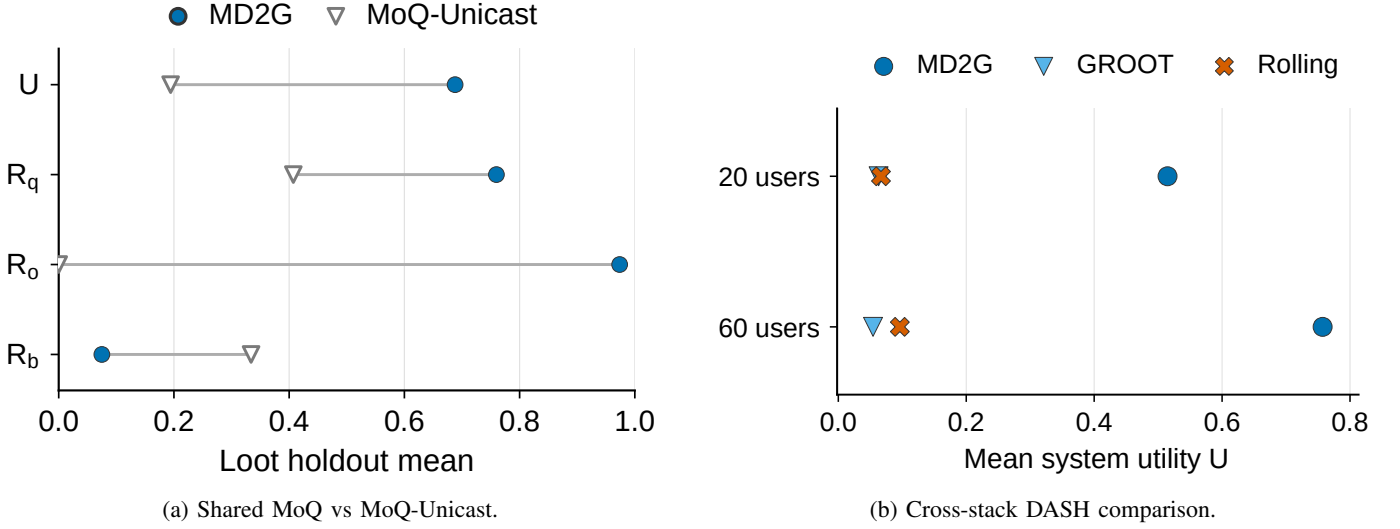

Fig. 4: Architecture and secondary cross-stack comparison.

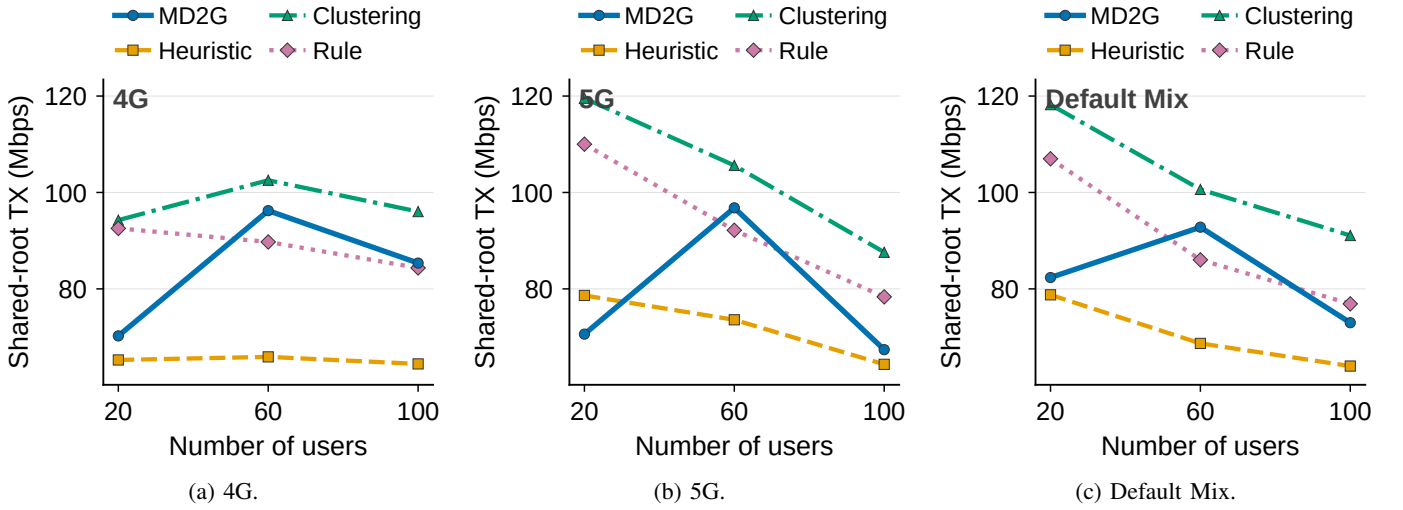

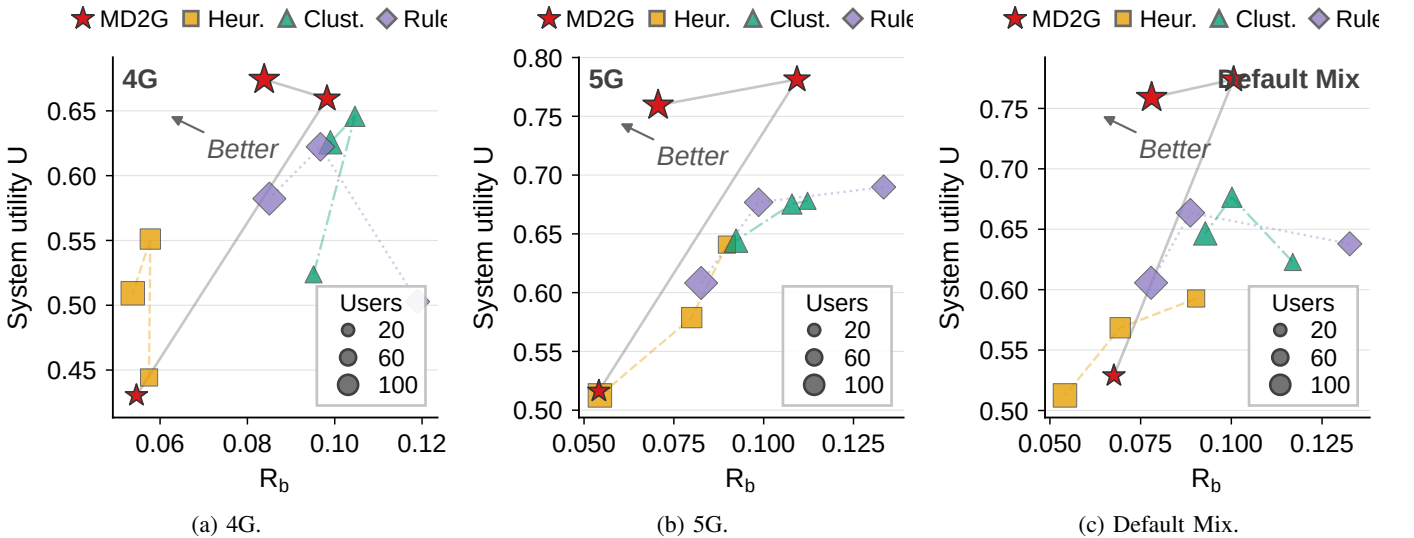

Fig. 5: Root-transmitted load under representative access profiles.

Fig. 6: Operating-point visualization (R_b vs U). Supporting only; U already includes $-0.15R_b$.
